Hi Karen-

As I mentioned, here are the two draft options papers on tribal issues that we are discussing with the 404(g) rule workgroup. We've been developing these issue papers in a smaller sub-group that includes OGC (Tod Siegal and Simma), OST (Fred), AEO (Andy) and OWM (Nizanna), and are still in the process of vetting further with the larger workgroup. They've gone through many drafts. Once we've discussed fully with the workgroup over the next week or two, we'll be using these to develop the briefing materials for options selections.

We'd be happy to discuss further and welcome your input.

Ruth
